

S.I.R.A.

Società Italiana di Riproduzione Animale

On behalf of the Executive Council of the SIRA and of the Organizing Committee I am pleased to invite you to actively participation at

THE 11th CONGRESS OF THE ITALIAN SOCIETY OF ANIMAL REPRODUCTION (SIRA)

to be held in

Ustica (PA), Sicily, Italy - Municipal Conference Hall

19-20-21-22 June, 2013

This congress will provide a forum for exchange of ideas and authoritative views by leading scientists as well as veterinarians, in this exciting field. The event will include Lectures and Workshop on selected topics and discussion covering information on researches and techniques of interest to those involved in the field of animal reproduction. Lectures and workshop will emphasize things that are relevant also to practice situations. Topics of keynote lectures include: Biotechnology in Animal Reproduction; Doppler Ultrasonography & Post Partum Disorders in the Mare; Infectious Abortion in Cattle. The topic of the Workshop is “Artificial Insemination Technologies in Small Animals”.

All those that wish submit papers about all aspects of biology and reproduction of animals, are welcome. The proposed works will be divided in the different sessions of oral communications or included in the poster section.

- Small ruminants
- Biotechnology
- Equine
- Other species and aquaculture
- Large ruminants
- Companion animals

Please inquire for information and details:
